

ADVANCED CERTIFICATION LIMITED

SUSTAINABILITY POLICY

AC Limited will achieve improved sustainability performance by proactively, systematically and fully integrating sustainability considerations into the planning and execution of our work, so that our mission is successfully accomplished for the benefit of the company, the public, our employees and the environment.

We are committed to reducing our environmental impacts by:

Complying with all applicable environmental laws, regulations and standards through rigorous regulatory compliance programmes

Implementing pollution prevention and waste minimisation programmes to eliminate or reduce wastes and emissions

Conserving energy and materials through resource management and recycling/reuse

We will work to continually improve our environmental management system, with the goal of improved environmental performance. Performance will be measured against stated objectives and targets through regular review meetings.

We will communicate environmental information to persons who have a significant effect on our environmental impacts, stakeholders and the public, and seek their involvement in reducing our environmental impacts.

Our current sustainability objectives are:

1. *Ensure all company vehicles produce less than 100g/CO₂ per Kilometre*
2. *Maintain our paperless office policy for audit reports received from overseas locations*
3. *Promote the use of public transport within the UK*
4. *Promote re-use of materials wherever possible with an aim to achieve zero waste to landfill*
5. *Application of full life costing assessment for all capital asset purchases*
